

Donna, My Love in Huntingdon

Verse 1

Friday night, I'm leaving Montreal,
Highway Four, I couldn't wait at all,
Country roads and fields of green,
Prettiest girl I'd ever seen.
One night Martha set me free,
I changed my seat and there you'd be,
I asked you, "Donna, go with me?"
You smiled and said yes so easily.

Chorus

Oh Donna, my love in Huntingdon,
Those country nights when we were young,
Dancing close till the night was done,
You were my love in Huntingdon.
Down by the river, under the stars,
Saturday nights and borrowed cars,
Sixty years and I still recall,
Donna, you were my first love of all.

Verse 2

Swimming by the old covered bridge,
Walking the fields and country roads,
Saturday night we'd cross the line,
The Skyliner dancing, feeling fine.
Then Pivin's when the night was through,
Hot dogs, Coke, and me and you,
Didn't have money, didn't need much,
All I needed was Donna's touch.

Chorus

Oh Donna, my love in Huntingdon,
Those country nights when we were young,
Dancing close till the night was done,
You were my love in Huntingdon.
Down by the river, under the stars,
Saturday nights and borrowed cars,
Sixty years and I still recall,
Donna, you were my first love of all.

Verse 3

Expo summer, sixty-seven,

Montreal felt a little like heaven,
Mike and Sharon walking near,
And you, my Donna, standing here.
We were young and couldn't see
How fast life changes you and me,
But when I look back through the years,
I still see your smile so clear.

Bridge

Life took us down different roads,
We carried things nobody knows,
But time can't take those days away,
Or that young girl I loved that way.

Final Chorus

Oh Donna, my love in Huntingdon,
Those country nights when we were young,
The Châteauguay and setting sun,
You were my love in Huntingdon.
Highway Four still calls to me,
Back to the boy I used to be,
And if I could live one night again,
I'd change that seat and ask you then...

Outro

"Donna, would you go with me?"
And once again you'd smile and say...
"Yes."

Donna...

My love in Huntingdon.
